

The image shows a timeline template with five columns. Each column is designed for an entry. At the top of each column is a large empty rectangular box for an illustration. Below this box is a vertical line representing an event. At the bottom of each column is a horizontal line representing a date. The word "Event" is centered below the vertical line, and the word "Date" is centered below the horizontal line. The columns are arranged in a row, with a consistent vertical alignment between the boxes, lines, and labels.

**\*Timeline should include date, event, and illustration for each entry. You may add more entries if needed.**
